The McConnell Group, Inc., established in 1996 as a health sciences company, is dedicated to support our country and those that defend it. Our services are focused on supporting the nation in the areas of research, environmental science, defense, and homeland security. We dedicate our services by providing the highest level of commitment to our clients, giving them priority, quality, and timely services.

TMG continues to focus on biomedical research and biodefense research support services, while expanding into related practice areas based on client requirements. Driven by the professional interest and experience of a steadily growing staff, TMG has matured into several business sectors designed to work either together or independently.

The McConnell Group applies the skills of its talented and experienced employees to several business sectors: Life Sciences, Biomedical/Biodefense Research, Medical Research and Technology, and SciMed Products.

OASIS IDIQ Award

TMG is proud to announce award under the OASIS Small Business (Oasis SB) Pool 1 Multiple Award (MA), Indefinite Delivery/Indefinite Quantity (ID/IQ) contract as a Prime Contract Awardee. Pool 1 is centered on professional services with a ceiling of \$60 billion dollars.

TMG’s OASIS Small Business Pool 1 MA-ID/IQ contract will enable our team to continue to support our current and future customers and partners innovative solutions to their complex professional requirements. The core disciplines of Pool 1 include:

- Program management services
- Management consulting services
- Logistics services
- Engineering services
- Scientific services
- Financial services

GSA OASIS is a group of 7 separate government-wide MA-ID/IQ task order contracts that cover 28+ NAICS Codes under the economic sub-sector 541 – Professional, Scientific, and Technical Services. The GSA’s goal is to provide a solution to agency needs, while maximizing opportunities for small businesses. This vehicle can be utilized by all Federal agencies and GSA approved entities; it is designed to address their demand for a full range of requirements that integrate various professional service disciplines at the task order level. Elements of the contract include:

- Commercial and non-commercial services
- CONUS and OCONUS requirements
- Classified and unclassified services
- Ancillary support including labor, materials, and ODCs
- Designated Best-in-Class (BIC) solutions
